

# Festival of Physics

## *“My Quantum Mom”*

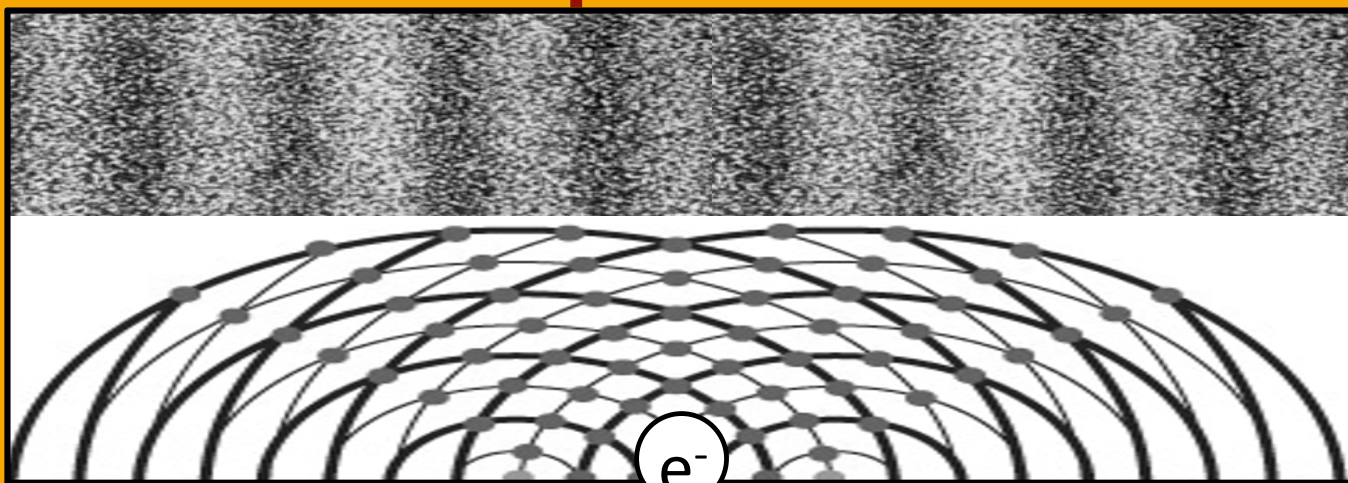

**Saturday, Oct. 15, 11am-3:30pm**  
**Sunday, Oct. 16, 1pm-4:30pm**

**At COSI Columbus in partnership  
with The Ohio State University**

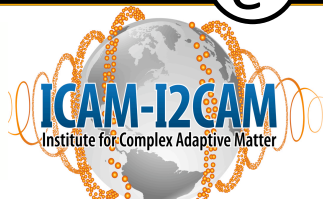

Did you know we live in a “weird” quantum world where a particle can be in two places at the same time? This is even more magical than Harry Potter! Did you know you would not exist if the laws were not quantum in nature?

- **Hands-on Quantum Mechanics demos**
- **Lectures by Ohio State physics faculty**
- **Graduate student presentations**
